PROFESSIONAL SUMMARY

Frontend Developer with hands-on experience building responsive websites and web applications using HTML, CSS, JavaScript, and Firebase. Developed multiple live projects across women safety, education, hostel accommodation, and fitness domains. Skilled in creating responsive user interfaces, implementing modern web design principles, and deploying projects using GitHub Pages and Netlify. Passionate about learning new technologies and building user-friendly web experiences.

TECHNICAL SKILLS

• HTML5 • CSS3 • JavaScript • Responsive Web Design • CSS Grid • Flexbox • Firebase • VS Code • GitHub • GitHub Pages • Netlify

PROJECTS

1. SheShield – Women's Safety & Emergency Alert Platform *Technologies: HTML, CSS, JavaScript, Firebase* [GitHub](#) | [Live Demo](#)

- Built a responsive women's safety platform focused on emergency support and personal safety.
- Implemented SOS alert functionality, emergency contact management, and safety awareness features.
- Integrated Firebase for authentication and application data management.
- Designed a mobile-friendly user interface optimized for different screen sizes.
- Improved accessibility and user experience through responsive layouts and modern design practices.

2. NestNova PG – Premium Hostel & PG Accommodation Website *Technologies: HTML, CSS, JavaScript* [GitHub](#) | [Live Demo](#)

- Developed a modern hostel and PG accommodation website with an attractive user interface.
- Created sections for room listings, amenities, pricing plans, testimonials, and contact enquiries.
- Built responsive layouts optimized for mobile, tablet, and desktop devices.
- Improved navigation and user engagement through interactive design elements.

3. School Website *Technologies: HTML, CSS, JavaScript* [GitHub](#) | [Live Demo](#)

- Designed and developed a responsive educational website for a school.
- Implemented sections for academics, admissions, faculty information, and events.
- Used CSS Grid and Flexbox to create responsive layouts across multiple devices.
- Enhanced usability through structured navigation and clean content presentation.

4. Infinity Fitness – Gym Website *Technologies: HTML, CSS, JavaScript* [GitHub](#) | [Live Demo](#)

- Built a responsive fitness website featuring membership plans, trainer profiles, facilities, and schedules.
- Designed modern user interfaces with responsive layouts and smooth interactions.
- Optimized the website for different screen sizes and improved overall user experience.
- Implemented visually appealing sections to increase user engagement.

ONGOING FREELANCE PROJECT

Hostel Accommodation Website

- Developing a responsive hostel website for a client.

EDUCATION

B.Sc. Digital & Cyber Forensic Science

CMS College of Science and Commerce, Coimbatore

CGPA: 8.2/10

LANGUAGES

• Tamil • English

HIGHLIGHTS

- 4 Live Web Projects Completed
- Responsive Web Development Experience
- Firebase-Based Web Application Development
- Portfolio Website Deployment
- Ongoing Freelance Client Project
